**A HINT AND A HUMPH.**  
A woman there was, and she wrote for the press, as you or I might do. She told how to cut and sew a dress, and how to cook many a savory mess, but she never had done it herself, I guess—but none of her readers knew. She told how to comb and dress the hair, and how out of a barrel to make a chair—'twould adorn any parlor, and give it an air—we thought the tale was true. Oh the days we spent, and the nights we spent, with hammer and saw and tack, in making a chair in which no one would sit, in which no one could possibly sit, without a creak in the back.—The Economical Housewife.

**OVER THIRTY-FIVE YEARS.**  
In 1872 there was a great deal of diarrhoea, dysentery and infantile cholera. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-six years maintained that record. Nine Chemists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.
